3. All and Ahmed Figin Hassan have since the deportation of Beshir Bey Sadawi, been conducting the activities of their Party with caution. Both are holders of Turkish passports and have been careful not to become involved in any anti-Government activities that would make them liable to deportation. Prior to Sadawi's deportation in February 1952, the Kutla concentrated on politically agitating the working class, unemployed elements, and school children to oppose the Government. Since February, the Kutla has avoided this type of activity.
